Thank you. I'll watch for the emails.

As an alternative, could you post to your SharePoint and grant me access like what was done with the investigative docs?

Jim,

EPA has finalized its inspection report for its spring 2018 Juneau County groundwater sampling and will be posting the inspection report on its website later today. Linda asked that I forward the inspection report to you now, before it goes on-line.

Due to its large size and our e-mail system limitations, we have had to break the e-mail into 7 separate emails. I will now send them to you.

Let me know if you have trouble receiving these.

Thanks, Chuck
